<u>AMENDMENT</u>

Assistant Commissioner for Patents, Washington, D.C.

Sir:

Responsive to the Office Action of October 24, 2002, a one month extension of time being filed concurrently herewith, please amend the above-identified application as follows.

In the Claims:

Kindly cancel claims 1-73 presently pending in this application without prejudice.

Kindly add the following new claims 74-80.

74. A double-resonance absorption microscope comprising:

a pump light source for emitting a pump light having a wavelength λ_1 so as to excite a sample molecule from a ground state to affirst electronic excited state;

an erase light source for emitting an erase light having a wavelength λ_2 so as to excite the sample molecule from the first electronic excited state to at least a second electronic excited state;

an overlap component for partially overlapping irradiating areas of the pump light and the erase light with each other so that an emission area is partially inhibited during de-
